Smart Key Box for Home

Smart Key Box can easily solve the following problems

Super waste of time
Stand at the door for at least an hour waiting for a spare key.

Inconvenient
Friends come early with joy, but they have to impatiently wait outside.

Unsafe
The spare key hidden under the foot mat is often lost.

Expensive and complicated
The smart lock is too expensive. And it may not fit my door. It's too troublesome

Smart Key Box for Business

Smart Key Box can easily improve your work efficiency

If you are an apartment owner
Your tenant can only hold a valid code during the lease term

If you are an apartment manager
Send out a one-time code to a cleaning service provider remotely without waiting forever.

If you are a real estate-agent
Getting the one-time code sent by the house owner remotely. Do not waste your time on the way

If you are a shop-keeper
Your employees will have their own code to enter the shop, and you can have the records of the door opening
